9. Objectives of the BA programme:

The objective of the programme is to train professional performers who may contribute to and spread Hungarian and international musical culture. Relying on their practical and theoretical training, using their sophisticated musical finesse, technique and shaping skills graduates can meet artistic challenges in orchestras and choirs as well as chamber ensembles. Graduates are capable of playing an active role in musical institutions. Graduates possess articulate musical skills, appropriate vocal, instrumental and theoretical knowledge to pursue further studies at an MA programme.

10. Name of Specialization:

Jazz Piano

11. Structure of training:

- | | |
|-------------------------------------------------------------|--------------|
| • general theoretical knowledge related to musical literacy | 19 credits |
| • Theory of music arts' history | 37 credits; |
| • Specialization | 115 credits; |
| ▪ Portfolio thesis (final concert) | 6 credits; |
| • Electives | 9 credits. |

12. Field work and its main requirements:

Field work is:

- Participation at national and international musical competitions;
- Contributions to recordings;
- Summer schools;
- teaching.

Compulsory concert practice may include performing:

- at college events;
- municipal or county events;
- at festivals
- other events (on a case-to-case basis).

13. The requirements of the portfolio thesis (diploma concert):

Credit value of the portfolio thesis (diploma concert): 6 credits.

The task consists of two parts: the preparation of the portfolio thesis and the successful completion of the final concert.

The **portfolio thesis** is for the graduating student to demonstrate his professional preparation in several styles, as well as to gain insight into his individual art and ideas through his own works or arrangements made by him. The backbone of the portfolio should be five completely independent pieces of different styles. These pieces can be independent compositions or adaptations or arrangements. In the case of non-self-composed pieces, we expect a song or composition with a completely different end result, both in terms of harmonization and rhythmically, from the original piece. Each work must be accompanied by an analysis that presents its details: harmonization, rhythmicity, pulsation, stylistic aspects, etc. Based on.

The language of the portfolio thesis is English.

The evaluation of the portfolio thesis has five levels.

The diploma concert:

- public;
- two high-quality productions with different styles and characters.

The evaluation of the diploma vocal competition has two levels.

The complex evaluation of the portfolio thesis (diploma concert) is given by the grade received for the portfolio thesis, if the student received an "adequate" evaluation at the diploma concert.

14. Final exam requirements and structure:

- Conditions for admission to the final exam:
 - meeting the requirements defined in the curriculum (acquiring an absolatory certificate);
 - recommended evaluation of the portfolio thesis (diploma concert) as at least satisfactory.
- Parts of the final exam:
 - defending the portfolio thesis;
 - complex exam, which consists of a practical main subject exam and a theoretical exam.
- In the practical major subject exam, which varies by major subject, the student must demonstrate a high level of technical knowledge and artistic quality. The specific requirements are defined and compiled by the subject teacher.
- The theory exam includes the comprehensive musical education, the theoretical knowledge acquired over three years and the concrete, daily application of the former. Subjects:
 - Jazz theory;
 - Classical music theory;
 - History of music (classical and jazz).
- The evaluation of the final exam has a five-point scale and is calculated based on the arithmetic mean of the grades received in the main subject exam and the theoretical exam.
- 35% of the grade for the defended portfolio thesis and 65% of the complex final exam determine the qualification of the diploma.

15. Qualification of the diploma:

The qualification of the diploma is the rounded average of the following qualifications:

- result of the complex oral (and where available, written) final exam
- the average result of the student's academic average per semester (which is also included in the textbook).

16. Foreign language requirements:

A prerequisite to the BA degree: B2 level language certificate accredited in Hungary in a modern language; or its equivalent (e.g. school leaving exam).
